ABOUT ARTDNA

Zhongshan Gamder Electric Co., Ltd., founded in 2007, specializes in the R&D, manufacturing, and sales of traditional and smart switches & sockets, traditional lighting, anti-glare smart lighting, drivers for smart lighting, and related products. After over a decade of steady development, the company now operates a modern industrial zone spanning 28,000 square meters and employs over 360 staff.

The company consistently adheres to the principles of exceptional design and top-tier quality. Its products were honored with the prestigious German Reddot Design Award in both 2010 and 2022. To date, Gamder holds a total of 128 domestic and international trademarks and patents, including 14 invention patents, 15 utility model patents, and 15 design patents.

Gamder's brand ARTDNA, established in 2012, focuses on cutting-edge design and premium material selection. Deeply favored by global customers and enjoying an excellent reputation in international markets, ARTDNA has established solid brand agency partnerships with clients across 36 countries and regions.

To expand its global business, the company established its first overseas factory in Thailand in 2024, with factories in other countries currently in the pipeline.
